

Declaration on REACH-Regulation

The European Regulation 1907/2006 (REACH), became effective on 2007-06-01 throughout the EU. This Regulation constitutes specific duties and obligations on manufacturers, importers and downstream users of substances of their own, in preparations and in articles.

Micro-Epsilon Messtechnik GmbH & Co. KG is a downstream user in terms of the regulation. Our products are articles and must not be defined as substance or preparation (according REACH-Regulation, article 3, Definitions). No substance is intended to be released from our articles. Micro-Epsilon Messtechnik GmbH & Co. KG neither produces nor imports substances. Thus there is no obligation for registration of substances.

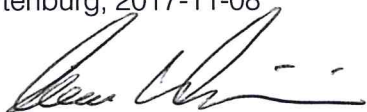

As manufacturer of articles Micro-Epsilon Messtechnik GmbH & Co. KG is liable to the duty to communicate information on substances in articles according article 33 of the REACH Regulation, if an article containing a substance of very high concern (SVHC-substance) in a concentration above 0,1 % weight by weight (w/w).

Micro-Epsilon Messtechnik GmbH & Co. KG affirms that it follows REACH - Regulation updates and that it compares these updates with the substance information that are on hand.

As downstream user Micro-Epsilon Messtechnik GmbH & Co. KG will meet all requirements of the REACH Regulation.

These statements are based on our current state of knowledge. We cannot issue a warranty or assume liability for factors that lie outside the state of our knowledge and control.
